# We Strive For Nothing Less Than Customers for Life!

**Thank you for taking the time to tour our coach. We would like to share some insights into what sets Grand Design RV Company apart from all other RV manufacturers and why this difference is important to you.**

We were part of the original ownership team that led a top RV Manufacturer to become the largest travel trailer and fifth wheel company in the world. While proud of our accomplishments at this company, it became difficult to stay in touch with the needs of our customers, employees and ultimately the products we built.

In 2011, we set out to pursue our dream and re-establish the personal connection we had enjoyed with customers and dealers. The result is Grand Design RV Company. Starting with a blank canvas, we were able to do things differently than what had been done before. Today we remain true to the unique business model that we started with, and following are just a few reasons we believe our product and company are the right choice for you and your family:

Grand Design RV is a privately owned company founded by close friends Don Clark (center) and brothers Ron Fenech (left) and Bill Fenech (right). (Representing over 80 combined years of experience in the RV Industry)

## LONG TERM VALUE

Everything we do at our company is designed to build long term value in what we offer our customers, "more features and superior value for your dollar".

## CUSTOMER FOCUS

Our focus (from the very first day we opened our doors) revolves around the customers.

## OWNER INVOLVEMENT

Magic happens when the owners are actively working in the production facility to help build the team and develop products.

## EXPERIENCED WORKFORCE

Our local workforce has been hand-picked, and has an excellent reputation for quality craftsmanship that is second to none.

## CLASS LEADING WARRANTY

We back every one of our coaches by a 3-year limited structural warranty.

## RAISING THE QUALITY BAR

We put every Grand Design unit through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive final finish inspection. From here, most manufacturers ship their units on to the dealer for retail sale. Not Grand Design...Everyone of our units are shipped to a separate PDI (Pre-Delivery Inspection) facility where they are again put through a 200+ point inspection process. It is only after this that we deem a unit ready to ship to our dealers.

## SUPERIOR SERVICE

We deliver the highest quality in the industry, but anything built by humans can be subject to issues. It's how those issues are addressed that stands out with Grand Design. Don't just take our word for it, visit the owners page on Facebook (Grand Design RV Owners) and see for yourself how we take care of our customers after the sale. An informed customer will be a Grand Design customer!

We remain dedicated to offering you RVs built with the highest quality, most features, finest designs and unparalleled customer support for your investment. We would be honored to personally welcome you to the Grand Design RV family!

Warmest Regards,

*Don Clark, Ron Fenech, Bill Fenech*
