

# INTRODUCING RV INFOTAINMENT HUB

RV-BBT601

**GARMIN**  
powered by **FUSION**

Designed to deliver RV specific information and entertainment all in an innovative form factor that improves the RV'ing experience and adds overall value to customers.

## Key Features

- RV Specific Navigation
- Entertainment Functionality
- Portable Form Factor

# RV INFOTAINMENT HUB PORTABLE FORM FACTOR

## DRIVING MODE

An intuitive driving mode home screen is triggered when the PND (portable navigation device) is docked, making it safe and simple to access important functions. Navigation, reversing camera, Bluetooth hands free calling and music are available in driving mode.

## MOBILE MODE

Access the full Android user interface when in mobile mode (undocked) to utilize your apps such as trip planner, video player, web browser, calendar, etc.

# RV INFOTAINMENT HUB ENTERTAINMENT

## FUSION-LINK

Equipped with FUSION-Link the Infotainment HUB gives you full control of your entertainment experience right from your fingertips.

Independently control the audio in four different audio zones (2 zones are preprogrammed) of your vehicle with Multi-Zone control. Zone naming is available for convenience and easy use.

**Audio Sources:** Bluetooth, USB, AM/FM, AUX, iPhone, SD, Android, SiriusXM\*<sup>1</sup>

\*<sup>1</sup> Available with SiriusXM subscription

# RV INFOTAINMENT HUB CONNECTIVITY

## BLUETOOTH

Bluetooth connectivity enables audio streaming of your favorite playlist or online streaming service right to the RV Infotainment HUB. Control all your entertainment via FUSION-Link right from the PND.

## WI-FI

Wi-Fi connectivity allows for the full Fusion-Link experience and enables web browsing, email and other internet based applications on the Android platform (when connect to a Wi-Fi network).
