

AFFORDABLE QUALITY... RICH HERITAGE - SINCE 1941

TRAILERS • TOY HAULERS

OUTSIDE KITCHEN

The 310K standard outside kitchen has all you need to enjoy cooking camp side. You will really appreciate the large refrigerator perfect for a variety of beverages, hot and cold running water is convenient when it's time to clean up. Outside storage holds all those important cooking utensils and spices.

BUNKROOM

This room is uniquely designed for kids and all their stow and goes. Each bunk has a cubby hole storage area perfect for bags, electronics and "kid's stuff". Each is equipped with a USB port charging center to keep the kiddos wired up. Large comfortable Teddy Bear bunk mats are soft and soothing to the touch. There's even a place for their own TV!

310K INTERIOR

Enjoy a cup of coffee at the spacious family friendly U-shaped dinette which easily converts to a sleeping area or snuggle up with a book on the comfortable fold out sofa with center console drink holders.

Large slider windows let in both the light and the breeze for those bright sunny days. Black out shades throughout the living room keeps the light out and the privacy in when it's time to settle down for the night. Dual solid privacy doors to the bedroom closes off the room nicely.

Thermal foil kitchen counter tops give you plenty of space to prepare a meal. The gooseneck faucet and deep kitchen farm sink makes clean up quick and easy.

A touch of stainless steel accents the cooktop stove with glass cover, microwave and 10.7 CuFt residential sized refrigerator.

Bringing all those pots and pans are no problem with an abundance of cabinets and drawer storage.

Shasta

Shasta offers a wide variety of quality affordable lighter weight floorplans that are packed with convenience and value. Designed for couples and families to get away from it all and enjoy some well-deserved rest and relaxation. Shasta has been providing memories to campers for generations. Our well laid out interiors are bright and airy with modern woodgrain cabinetry, LED interior lights and residential styling countertops. You will absolutely love the large stainless steel residential refrigerator. You may want to add the optional free standing dinette with 4 chairs or LED fireplace to spark up your interior.

27RL

27RL BATHROOM

You'll feel right at home when in your bathroom. Designed with a large shower accented with a decorative grey subway tile surround complete with soap dishes. Matching grey sink and brushed nickel faucet makes the perfect pair. Take it all with you in a medicine cabinet that opens up for storage, shelving for linens and an extended countertop perfect for spreading out when getting ready. The decorative shower curtain makes a wonderful accent to your bathroom.

27RL BEDROOM

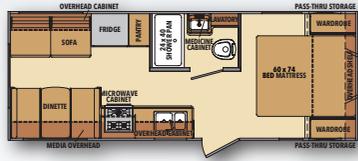

Get a good night's rest in the 27RL bedroom which comes comfortably decorated with blackout privacy shades and designer valances on the windows, and luxury mattress with optional bedspread on a bed that lifts up for storage underneath. Wardrobes for plenty of storage, and night stands to charge your phone or secure your C pap machine. Outlets and chargers on both sides of the bed.

SPECIFICATION DEFINITIONS

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

TAKE IT ALL WITH YOU!

Whether you are taking off to enjoy the highways and byways of North America, or playing in the dirt at your favorite recreational spot or just wanting to enjoy time spent with family and friends at the stadium, Shasta Toy haulers allow you to take it all with you.

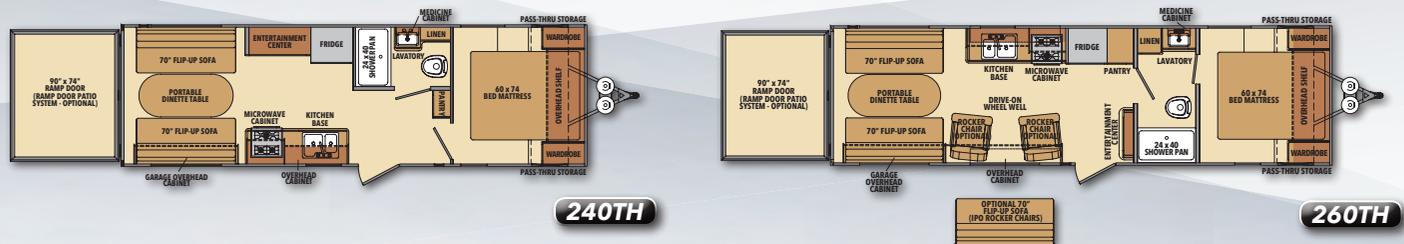

WE GIVE YOU MORE... More garage storage, more cargo carrying capacity, more tire load, more refrigerator space and more room under the awning, than the other competitors. Shasta gives you more value!

OPTIONS

The Shasta toy hauler enjoys all the same standards and options as the travel trailers with the following additions:

- Ramp patio door system
- Toy Lok
- Flip up sofa over wheel well (260TH only)
- Patio screen wall
- (2) swivel rockers (260TH only)

SHASTA IS BUILT TO LAST!

Every Shasta is assembled with the pride and quality craftsmanship you would expect from a brand that has been building trailers since 1941.

Only the best materials and construction methods are used during the manufacturing process. Every unit is put through a rigorous inspection procedure and is tested to ensure the highest of standards.

We utilize premium wood products like 2x2 wall studs on 16" centers, 5/8" thick tongue and groove plywood floors, not chip board! The 5" wood roof trusses support a full walk on 3/8" roof decking wrapped with a seamless TPO membrane that has a 12 year limited warranty against defects.

Rest easy and rest assure your Shasta trailer is built right and built to last!

Pre wired for Wi-Fi

Digital Owner's manual

Back up camera prep

Optional rear folding storage rack

Outside LP gas quick connect

Friction hinged entry door

THE SHASTA STORY - A PROUD HERITAGE

In 1941, when Californian Robert Gray built the first Shasta "house trailer" to be used as mobile military housing, he had no idea his homes on wheels would play a major role in establishing a billion-dollar industry. Or that the little trailers would spark wanderlust in Americans that would carry them across the miles and into the next century. Shasta was, and remains, an important player in the ultimate American Dream; the freedom and desire to roam, explore and enjoy well earned leisure time with the people we love.

In the 1950s and 60s, the toaster-on-wheels look of the original Shasta trailer was the most recognizable shape on the road. There were other RV brands, but only Shasta was distinguished by those wings that signified flight and freedom. Through the 1960s and 70s, RVs became bigger and better, America's burgeoning highway system evolved into interstates, and the wanderlust grew ever stronger. In the 80s and 90s, RVs continued to evolve into safer, more sophisticated homes away from home, with more features and greater comfort than ever.

Today, 70 years and three generations of Shasta owners later, Americans have the desire to travel like never before. Motivated by the rediscovery of our families and renewal of ourselves, we still respond to the call of the road.

In terms of product, the company has come a long way from the "toasters-on-wheels". Today's Shastas have sleek profiles and amenities that were unimaginable a generation ago. Yet, it is the memorable image of the little trailer with wings that brings each of us something no other manufacturer has to offer; nostalgia.

As the industry's longest producer of recreational vehicles, Shasta has manufactured hundreds of thousands of RVs. We've earned our success in the best possible way - through experience ... more experience than any other RV company in the world. Shasta's respected name prevails in today's fast-moving RV industry because of that experience, combined with a strong, service oriented dealer network, a loyal, repeat-customer base, and our outstanding association with our parent company, Forest River. Shasta is proud of its longevity, and we pledge to continue to listen and to improve our commitment to satisfying America's wanderlust, and to persist in creating generations of memories to come.
