2018 WHITE HAWK SOARS TO NEW HEIGHTS

Building on the legendary foundation of engineering and craftsmanship that's made it so popular, the 2018 White Hawk lineup features more than ten brand-new floorplans, extra high-gloss exteriors with slick linear graphics and completely reimagined interior stylings. Experience it for yourself.

WHAT'S NEW WITH WHITE HAWK—INSIDE AND OUT

EXTERIOR

- Available gelcoated fiberglass front cap with automotive windshield and LED lighting*
- American-made, nitro-filled Goodyear® Endurance® radial tires with automotive-style rims*
- Two-toned sidewalls with a brilliant gloss and fresh take on classic Jayco linear-style graphics
- Self-adjusting electric brakes
- Full LED lighting

*Pictured above

INTERIOR

- Stainless steel appliances and upgraded cooktops*
- 39-inch LED TVs standard with optional fireplace (requires 50-amp service)*
- Power roof vents standard in bathroom, master bedroom and optional Fan-Tastic Vent power fan in living area
- Updated materials, finishes and detailing throughout
- Additional LED lighting and larger windows
- Second A/C option in all models (requires 50-amp service)

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart above.

TAKE A RIDE ON THE CAREFREE SIDE

Designed for camping comfort and convenience, Jayco RVs provide an easy-going, family-fun experience that relieves your stress. With countless features and reliable construction, you'll breathe easy no matter where your adventures take you and yours.

THE JAYCO DIFFERENCE

- 1. Main walls and slideout walls are vacuum-bonded** for 15-18 minutes using 144 tons of pressure to ensure a strong bond
- 2. Seamless residential vinyl**, laid over a $\frac{5}{8}$ -inch, tongue-and-groove plywood floor deck, stands up to family foot traffic and withstands cold, cracks and scratches
- 3. Lightweight materials and aerodynamic profile** for easier towing
- 4. American-made, nitro-filled Goodyear® Endurance® radial tires** with self-adjusting brakes
- 5. Magnum Truss Roof System** withstands 4,500 pounds—50 percent more than other roofs

JAYCO'S ROOF **VS** OTHER ROOFS

4,500 POUNDS ON A JAYCO ROOF VS. OTHER ROOFS

THE MAGNUM TRUSS™ ROOF SYSTEM **50 percent stronger**

- 6. $\frac{3}{8}$ -inch plywood roof decking** secured at every seam
- 7. Galvanized steel wheel wells** reinforced to protect while towing
- 8. Norco® NextGen frame with integrated A-frame** prevents the hitch from buckling
- 9. Large Slam-latch™ baggage doors**
- 10. Tuff-Shell™ vacuum-bonded** sidewalls, front and rear walls (including slideout room walls)
