

2021 TRAVEL TRAILERS A REV GROUP BRAND

2021 TRAVEL TRAILERS
A REV GROUP BRAND

# QUALITY TAKES TIME

The word *quality* is thrown around a lot these days. We know because we have been in business since 1965. Many things have changed over the years and while we certainly have evolved, we have always focused on maintaining our values.

The culmination of our journey is reflected in our current ultra-light Travel Trailer line featuring our computer designed and cut automated manufacturing process with composite construction materials and an emphasis on green manufacturing.

We've put in the time... so you can spend quality time.

# QUALITY TAKES TIME

Slide-Out w/Couch Bed Size 36" x 59"

1685

<sup>\*\*</sup> When looking at cargo capacity you must consider the hitch weight of the trailer and axle capacity. Hitch weight is actually being hauled while the remaining Trailer weight on the axle(s) is being towed. Example if a trailer has a total weight of 4000 pounds with a 400 pound hitch weight that would mean 3600 pounds is on the axle(s). If the axle weight rating is 5200 for this unit you will have 1600 of axle capacity for cargo

### STANDARD FEATURES

Rear bumper storage compartment provides space for your sewer hose or camp chairs. 2075

Dual pane windows offer great insulation properties.

Portable Bluetooth speaker keeps the tunes rolling in or out of the trailer. (1475, 1575, 2075, 2445)

iN-Command brings smart home technology to your RV by connecting you with many of the systems through an app. (2075, 2445)

Dual Tread Entry Step. Provides easy entrance and exit.

Lance Life 4" exterior table. We all need one & this one doesn't waste space. N/A 1475, 1575, 2465

Walk on roof allows for worry free maintenance. N/A 1475 & 1575

100% LED lighting brightens your trailer and is easy on your power supply.

Electric cord and chain caddy. Keep these items off the ground.

Large lockable dinette storage drawers utilize residential dovetail construction for strength. -N/A 1475, 1575, 2075

Magnetic exterior latches stay in place for hands free access.

Aluminum wheels & nitrogen filled USA manufactured Goodyear radial tires keep the good times rolling.

Exclusive Lance Load roof rack system safely stores your canoe, kayak, paddle boards...etc. - N/A 1475 & 1575 (Weight Limit 500lbs. Distributed)

Dometic Penguin II 10K low profile a/c runs on 2.200w generator allowing for off the grid cooling.

Electric fireplace provides ambiance & radiant heat. - 2295, 2445, 2465

Upgraded battery monitor displays battery statistics like amp-hours consumed, state of charge, and voltage.

Convertible sofa bed turns your 60"x80" queen size bed into a comfortable couch. - Available 1985, 1995, 2185

Dual pane windows offer great insulation properties.

Portable Bluetooth speaker keeps the tunes rolling in or out of the trailer. (1475, 1575, 2075, 2445)

iN-Command brings smart home technology to your RV by connecting you with many of the systems through an app. (2075, 2445)

Dual Tread Entry Step. Provides easy entrance and exit.

Lance Life 4' exterior table. We all need one & this one doesn't waste space. N/A 1475, 1575, 2465

Walk on roof allows for worry free maintenance. N/A 1475 & 1575

100% LED lighting brightens your trailer and is easy on your power supply.

Electric cord and chain caddy. Keep these items off the ground.

Large lockable dinette storage drawers utilize residential dovetail construction for strength. -N/A 1475, 1575, 2075

Magnetic exterior latches stay in place for hands free access.

Aluminum wheels & nitrogen filled USA manufactured Goodyear radial tires keep the good times rolling.

Exclusive Lance Load roof rack system safely stores your canoe, kayak, paddle boards...etc. - N/A 1475 & 1575 (Weight Limit 500lbs. Distributed)

Dometic Penguin II 10K low profile a/c runs on 2,200w generator allowing for off the grid cooling.

Electric fireplace provides ambiance & radiant heat. - 2295, 2445, 2465

Upgraded battery monitor displays battery statistics like amp-hours consumed, state of charge, and voltage.

Convertible sofa bed turns your 60"x80" queen size bed into a comfortable couch. - Available 1985, 1995, 2185

### **OPTIONAL FEATURES**

Latitude power awning provides unobstructed shade with direct response wind sensor & LED light bar.

Pull out front storage tray organizes & provides easy access to your gear. - N/A 2465

Mountain Scene graphics give you a fresh look inspired by adventure.

Electric stabilizer jacks with foot pads make set up & teardown sweat free, keeping your trailer stabilized while parked.

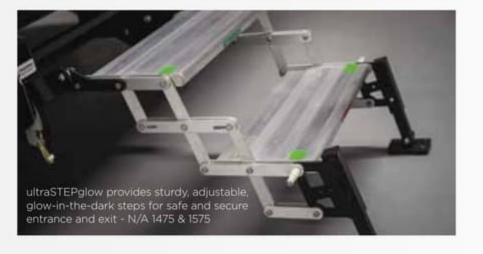

- N/A 1475 & 1575

Backup camera w/color display and sound makes backing up a safer, one-person job.

Keyless entry lets you adventure out without having to worry about your keys when you enter your trailer using a personalized code.

Exterior kitchen w/dual burners & sink take cooking duties outside. - 2075, 2445 (Std. 2295)

1 %" receiver gives you another area to haul your gear including bikes, skis, snowboards, etc. - Limit 130 lbs. - N/A 1475 & 1575

Optional Tri-Five Propane Tanks allow for extended stays while standard aerodynamic cover looks stylish and keeps tanks protected and out of site. – N/A 1475 & 1575

### **DESIGN & CONSTRUCTION**

- A. The roof is covered in energy-star rated Polyvinyl Chloride (PVC) material. Integrated rain gutters and drip spouts prevent the sides of your trailer from streaking.
- B. Rigid block foam insulation yields maximum "R" value and promotes structural strength.
- C. Interior walls and cabinetry are constructed of Euro-Ply. This superior product is lighter, formaldehyde free and stronger. Providing both beauty and durability.
- D. Keeping it all together are stainless steel fasteners. Unlike our competitors, this expensive hardware resists corrosion making for a lasting investment.
- E. High gloss TPO lower front gravel guard with jewel LED lighting is both beautiful and resilient to the abuses of the road while protecting this section of the chassis.
- F. All seals use an anti-wicking material to prevent moisture from transferring to the laminate walls.

- G. Lance uses more expensive Azdel<sup>¬</sup> in place of Luan wood, virtually eliminating mold and mildew. It's also lighter, carcinogen and formaldehyde free and has better "R" value for superior insulation.
- H. Lance's aluminum framed superstructure provides for an extremely solid trailer that is also lightweight.
- Heavy duty rubber torsionbar suspension axles allow for independent articulation, providing a better towing experience off-road in addition to featuring EX-lube bearing and self-adjusting brakes for easy maintenance.
- J. Engineered super lightweight, powder coated, tempered steel custom chassis Huck bolt construction eliminates weak and rust-prone welds.
- K. Slideout rooms feature smooth, dependable operation. Lighter in weight than other mechanisms, they're also smaller, allowing for more living space.
- L. The slick, high gloss fiberglass exterior walls are laminated under intense pressure with heat-setting adhesives for years of trouble-free service.

### **AWARDS**

Superior Quality

Top Floor Plan

Industry Leading Innovation

### **ECO-SMART RV CONSTRUCTION**

Lance RVs are certified green at the highest "Emerald Level" based on an evaluation of our RV manufacturing facility, procedures and practices. Measured against criteria based on national consensus standards including resource efficiency, energy efficiency, water efficiency & indoor air quality.

# CALCULATING TOWED WEIGHT AND CARRYING CAPACITY

These are general guidelines to use when matching a trailer to your tow vehicle, assuming standard equipment on your trailer. Whether any travel trailer can be used with your vehicle and its capacities for carrying and/or towing is affected by how much optional equipment is added to the trailer, and the weight of passengers and all other items you carry in your tow vehicle and trailer.

To get an approximate weight of the model of your choice equipped with the optional features you are considering, the "Build Yours" feature at lancecamper.com is a great resource. Because we're unfamiliar with your tow vehicle, Lance makes no warranties or representation – expressed or implied – as to performance or reliability of your tow vehicle with a Lance trailer. For professional guidance, always consult with your Factory Authorized Lance Dealer. They're trained in calculating proper matches between tow vehicles and trailers.

### 3,500 POUND TOW RATING

Models: 1475, 1575

### 5,000 POUND TOW RATING

Models: 1475, 1575, 1685

### 6,000 POUND TOW RATING

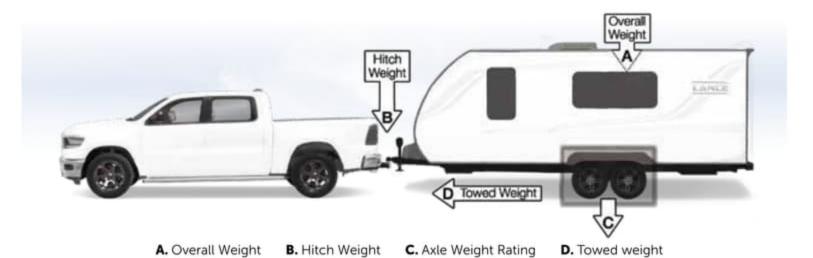

Models: 1475, 1575, 1685, 1985, 1995, 2075, 2185, 2285, 2295

### 7,000 POUND TOW RATING

Models: 1475, 1575, 1685, 1985, 1995, 2075, 2185, 2285, 2295, 2375, 2445, 2465

Hitch weight is actually being **hauled** while the remaining trailer weight is being **towed**.

#### A - B = D

**Ex:** If a trailer has an overall weight of 4k lbs. with 400 lbs. of hitch weight that would mean 3600 lbs. is on the axles and being towed. (4,000 - 400 = 3,600 or D. Towed Weight)

Cargo capacity must also consider hitch weight as well as axle weight rating.

#### C - D = Cargo Capacity

**Ex.** If the axle weight rating is 5200 (2600 each x 2) for this unit you will have 1600 lbs. of axle capacity for cargo. (5,200 - 3,600 = 1,600 or Cargo Capacity)
