

[Shown with optional equipment]

Smartly styled,
superbly functional,
and supremely
affordable

The Winnebago® Intent™ is a re-imagined Class A motorhome that gives you the lifestyle you've been longing for at a price that meets your budget. After you take in the exciting new gray exterior, step inside and you'll realize the Intent is different. Sleek corner pillars in the cab offer incredible views and enhance safety, thanks to better visibility while driving. With an abundance of storage space and an attractive dining

and lounge area, the Intent is available in four fresh floorplans, including the spacious new triple-slideout 28Y. Step outside and enjoy the well-appointed Tailgate Package under an easy-to-use powered patio awning. You can even refill or exchange LP cylinders without driving the motorhome to a filling station. The good life is yours – after all, you're the proud owner of a new Winnebago Intent.

* 40 lbs. provided

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design - over 96" In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Not all items available in combination. See dealer for details. Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
