Arctic Fox is a True Four Season Coach

What is ABSOLUTE NORTHWOOD?

When you purchase an Arctic Fox, you are investing in the best quality materials, construction and craftsmanship. That is why the resale value in an Arctic Fox remains higher, and your investment retains its value longer. If you ever decide to trade in your Fox, you will get top dollar. That is why you don't see many used Arctic Foxes on the market, folks buy them up as quickly as they become available because Arctic Fox has a reputation for durability and longevity.

- ABSOLUTE CHASSIS** ✓ Custom Built, Tested, Certified
- ABSOLUTE FRAME** ✓ Thick Wall Aluminum w/Solid Anchor Blocking
- ABSOLUTE ROOF** ✓ Full Walk On, Bonded Roof Truss System
- ABSOLUTE CABINETS** ✓ Wall & Ceiling Mounted, Face Frame Construction
- ABSOLUTE INSULATION** ✓ A True 4 Season Coach

NORTHWOOD BUILT CERTIFIED CHASSIS

WE BUILD OUR OWN HEAVY DUTY STRUCTURAL STEEL OFF-ROAD CHASSIS

We are one of the few manufacturers who build their own chassis. The name NORTHWOOD is known throughout the industry for quality chassis and we certify ours through an independent testing laboratory for quality assurance.

THICK WALL TUBULAR ALUMINUM SUPERSTRUCTURE

.125"-.060" (Up to 1/8" Thick) heavy gauge thick wall aluminum tubing in our travel trailers & fifth wheels

SOLID CORE ANCHOR BLOCKING AND CONTINUOUS WELDS

Now that's an **ABSOLUTE** Quality Superstructure!

OUR BONDED ROOF TRUSS SYSTEM ENSURES A FULL WALK-ON ROOF

BONDED ROOF TRUSS SYSTEM

The Northwood Bonded Roof Truss System bonds all the components of the roof structure together as a unit.

The ceiling, trusses and roof plywood are unified in a bonded system that gives superior load distribution and maximum load bearing capacity.

Top quality exterior grade plywood panels are bonded to the trusses and a thick one piece roofing membrane is then applied for a durable, long lasting seal to protect you and your coach from the elements.

Northwood's Bow Trusses offer up to 5-1/2 inch center height, giving the roof plenty of runoff slope to eliminate standing water.

CUSTOM BUILT FACE FRAME CABINETS

CABINETS w/SOLID WOOD DOORS, BUILT USING RESIDENTIAL FACE FRAME CONSTRUCTION METHODS & INTEGRATED WITH THE WALL & CEILING.

BEAUTIFUL & STRONG

MATERIALS

CONSTRUCTION

INSTALLATION

Solid Wood cabinet doors ensure lasting beauty and rugged strength.

Face Frame construction gives our cabinets 'high end' residential quality.

Structurally Integrated cabinetry is anchored to the walls and ceiling structure of our coaches making both the RV and the cabinets stronger.

A TRUE FOUR SEASON ALL CONDITIONS UNIT

HEATED ENCLOSED HOLDING TANKS & DUMP VALVES DESIGNED FOR COLD NORTHERN/HOT SOUTHERN CLIMATES

Northwood builds true 4-Season Coaches. Our fully insulated holding tank area circulates warm air around the suspended tanks providing the best protection from freezing. Our knife valves are also enclosed to keep them from freezing. Our 4-Season coaches are insulated with various types of residential quality Rigid Foam, Batten & Reflective Foil insulation to protect you from the winter cold & summer heat.

Arctic Fox
'Fox Talk'

Left: In 10 years of use our 2002 25R has followed our 4x4 Dodge wherever we have gone, on and off the pavement. It has aged better than we have! Thanks for a great product and wonderful, personal service, Northwood!

We've been Northwood owners since 1996 with our Nash 26J.

We sold it in 2002 for a new 25R. At our age we probably won't be in the market for another trailer, although I want the new Nash 23D!

Linda and Dave Wiley ~ Sublimity, Oregon

Left: Walnut Hills Campground in Stuarts Draft, VA. Stuarts Draft is about 20 miles outside of Charlottesville, VA in middle of the Blue Ridge Mountains. Steve and Bonnie Zimmerer, Canton, MS.

Right: In 2009 we towed our 29V over 3000 miles of the northernmost roads in North America – all unpaved primitive roads—in addition to the usual Alaska Highway stuff. The trailer experienced only trivial problems even though the trip killed our Chevy 2500HD Duramax /Allison...

Crossing The Arctic Circle on the Dempster Highway

...Left: Our campsite was just a few miles north of Atigun Pass on the Dalton Highway, Alaska.

Right: We moved from the 29V and now own an Arctic Fox 24-5N.

Steve & C. J. Rankin ~ Sequim, WA

Arctic Fox trailers are the best for all weather fishing. I always catch bigger fish when I'm in my Arctic Fox!' Started with a 2009 Arctic Fox 22H. Loved it so much we upgraded to the 30U. We like to dry camp right at the rivers edge all year round. The Arctic Fox keeps us warm in colder months and cool in the summer. There is enough room for me, my wife, 2 dogs and all the fish! Thanks for a great product,

Art & Joanne Host

Our purchase of a 2007 22H Arctic Fox has proven to be great decision. The quality of the Arctic Fox out-performs any other new unit I've seen or researched. Thanks, Bretan Baumgardt Calgary, AB

Travel Trailers

Laura and I have owned 3 Northwood products now. We started with a 2006 Nash 25S, moved to a 2007 AF 29V and then last year had the chance to move up to our dream rig: An Arctic Fox 36-5V. We have always been very impressed with the build quality, and the fit and finish on the Arctic Fox is 2nd to none! We make 2 trips to Phoenix, AZ from Springfield, OR for the NASCAR races and camp at the track with our friends who also have a Arctic Fox (29 5E). The pictures are from our Nov. 2010 trip to the track. We love our Fox and always look forward to spending time camping in it no matter where we go.

Scott and Laura Lahey, Springfield, OR

We enjoyed our trouble free AF24-5N for 5 years. So when it was time to upgrade the decision was simple: May I present our 2011 AF27-5L. Oh by the way, we just exceeded 6,000 miles and everything is working just fine!

Jay & Jackie Yake ~ Bend, Oregon

....and of course "Ping" the Border Collie

5th Wheels

Below: Holiday Harbor RV Park and Marina in Hilton Head, SC. We travel extensively in our 27-5L and absolutely love our time in our home away from home. Steve and Bonnie Zimmerer, Canton, MS.
