# OUR BONDED ROOF TRUSS SYSTEM ENSURES A FULL WALK-ON ROOF

BONDED ROOF TRUSS SYSTEM WITH CATHEDRAL ARCHED CEILING

UP TO 4" OF EXTRA HEADROOM

The Northwood Bonded Roof Truss System bonds all the components of the roof structure together as a unit. The ceiling, trusses and roof plywood are unified in a bonded system that gives superior load distribution and maximum load bearing capacity.

Top quality exterior grade plywood panels are bonded to the trusses and a thick one piece roofing membrane is then applied for a durable, long lasting seal to protect you and your coach from the elements.

## Northwood's Bow Trusses

5-1/2 inch center height gives the roof plenty of runoff slope to eliminate standing water.

# CUSTOM BUILT FACE FRAME CABINETS

CABINETRY w/SOLID WOOD DOORS, BUILT USING RESIDENTIAL FACE FRAME CONSTRUCTION METHODS & INTEGRATED WITH THE WALL & CEILING.

## BEAUTIFUL & STRONG

MATERIALS

Solid Wood cabinet doors ensure lasting beauty and rugged strength.

CONSTRUCTION

Face Frame construction gives our cabinets 'high end' residential quality.

INSTALLATION

Structurally Integrated cabinetry is anchored to the walls and ceiling structure of our coaches making both the RV and the cabinets stronger.

# A TRUE FOUR SEASON ALL CONDITIONS UNIT

HEATED ENCLOSED HOLDING TANKS & DUMP VALVES DESIGNED FOR COLD NORTHERN/HOT SOUTHERN CLIMATES

Northwood builds true 4-Season Coaches. Our fully insulated holding tank area circulates warm air around the suspended tanks providing the best protection from freezing. Our knife valves are also enclosed to keep them from freezing. Our 4-Season coaches are insulated with various types of residential quality Rigid Foam, Batten & Reflective Foil insulation to protect you from the winter cold & summer heat.

Arctic Fox

Quality is in our Nature...

After over 20 years in the Air Force and several tours around the world, we retired in May 2011.

As retirement crept closer, we set a goal to hit the road full time to see our own country. That lifestyle would best suit our adventurous interests that include fishing, kayaking, biking, skiing/snowboarding, and travel. We spent many hours researching on-line forums and visiting RV shows and determined that we had to get a well-built four-season travel trailer.

The Arctic Fox 29V met all our prerequisites with a forward roomy kitchen, full wardrobe, two bedside tables, heated tanks, and thermal windows.

The Northwood factory and RV dealer were great about working with us and provided exactly what we wanted. We have been on the road a year now and are fully satisfied with the decision to purchase an Arctic Fox travel trailer.

After constant heavy usage, our little home developed some minor problems, but Northwood manufacturing resolved all concerns quickly and to our full satisfaction. If we had to make the decision again tomorrow, we would purchase another Arctic Fox! Life is great!
